Surabaya, Jawa Timur

I am an ambitious and highly energetic informatics student with a passion for self-development and building strong, competent relationships. I have the ability to adapt quickly and a strong enthusiasm for continuously learning new things. I am currently seeking an internship opportunity to apply the knowledge I have gained from my academic studies, particularly in application development.

Work Experience

PT Kinema Systrans Studio (Infinite Learning) - Batam, Indonesia

Aug 2023 - Dec 2023

Apprentice

Infinite Learning is a division of PT Kinema Systrans Multimedia (a subsidiary of Infinite Studios), focused on developing vocational training courses relevant to the activities of Infinite Studios and the growing demand for skilled talent in the Nongsa Digital Park ecosystem.

- Developed a final project that analyzed Covid-19 predictions in various regions of Indonesia using 4 regression methods and compared the efficiency of these methods.
- Obtained the Red Hat Certified System Administrator (RHCSA) certification within 1 month, focusing on network security, network configuration, and system configuration.
- Studied the development of Artificial Intelligence in Indonesia and its relevance to the implementation of system security.

PT Sarana Digital Inovatif (Zegasoft) - Jakarta, Indonesia (Remote)

Apr 2024 - Present

Backend Developer Intern

Zegasoft is a technology company that offers services in website development, mobile app development, design, outsourcing and headhunting, social media management, and digital marketing.

- Developed a website project aimed at providing online store sellers with an easy-to-use platform for managing their products.
- Created 3 database models for the website project using various databases such as PostgreSQL and MongoDB.
- Developed the Zegasoft website over a period of 1 month, focusing on both the server-side (Back-End) and the user interface (Front-End)

Education

Universitas Pembangunan Nasional Veteran Jawa Timur - Indonesia
